PETITION TO REVIVE FOR UNINTENTIONAL ABANDONMENT

Dear Sir:

Applicants hereby petition the U.S. Patent and Trademark Office to revive the above-captioned patent application.

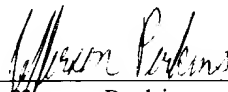

The instant application was filed with a Request Not to Publish under 37 C.F.R. §1.213(a). Nonetheless, the invention claimed in this application became the subject of an international application which was filed on April 12, 2002, and Applicants hereby notify the U.S. Patent and Trademark Office of this fact. Through inadvertence, the U.S. Patent and Trademark Office was not informed of the fact of this international filing within the period of

forty-five days after said filing, and therefore the present application is deemed abandoned under 37 C.F.R. §1.213(c).

This abandonment was unintentional.

Applicants submit herewith a Rescission of Their Request Not to Publish and the fee associated with a Petition to Revive for Unintentional Abandonment. Applicants therefore respectfully request that the instant application be revived, and await an examination on its merits.

Respectfully submitted,

Jefferson Perkins
